

A Banlaw End-of-Life Notice is used to inform Banlaw Customers of changes to the available product range and their replacement products where possible.

Banlaw’s discontinuation of this product line is a commitment to a program of continuous improvement, and where possible, will offer an upgraded product or solution to facilitate the transition.

Recipients of this Banlaw End-of-Life Notice may redistribute this document to their customers. Alternatively visit www.banlaw.com to view the entire list of Banlaw End-of-Life Notices.

This Product End-of-Life Notice has been created to announce the immediate cessation of the manufacture and after sales support for Banlaw’s **Gen 1 HV Wired System**.

The following model/models/spare parts/software and spare parts are no longer available for reorder with immediate effect.

Note 1: listed replacements will perform the same function but may not fit directly into existing systems. Changes to existing hoses and similar may be required to use the replacement product. Hose assemblies with internal wires shall be replaced with a similar hose as appropriate. For further information discuss with you Banlaw sales representative.

Note 2: Some BFT18 gooseneck assemblies may be converted to a Gen 2 system with an internal conversion kit. For further information discuss with you Banlaw sales representative.

Note 2: Gen 1 system replacements are Gen 2 systems. Gen 2 will only be supported for a limited time; refer to EOL-20. It is acceptable to bypass the Gen 2 system and proceed directly to replacing the wired system with a wireless system.

Regions effected: **Global**

Declaration	Definition	Date
End-of-Life Announcement	Product-End-Of Life Notice is distributed via email to customers and displayed on the Banlaw website.	8 th Dec, 2023
End-of-Life and End of Support Date	The date upon which the product has reached the end of its life cycle. All support and service for this product line will cease with immediate effect.	29 th Feb, 2024
